

# ADD TWO NUMBER

## \* PROBLEM:

Two reversed linked list

743 → 347

531 → 135

          
482

- 1) We have already reverse linked list
- 2) Traverse through each list & add value.
- 3) Edge case 1: Note the same length

Edge case 2: carry

Edge case 3: When carry not null or falsey
